

Our Strategic Difference

We are dedicated to our clients and pride ourselves on delivering the highest-quality legal services to industries and businesses involved in the real estate sector. Our attorneys are nationally recognized leaders in every sector of real estate and in all aspects of law relevant to the real estate sector, from development, transactional and environmental to financial, labor, insurance and tax-related matters.

At Cox Castle, we recognize that our greatest asset is our people, and we encourage varied perspectives and experiences in our workplace. We always strive to contribute to the diversity of our local legal communities by mentoring and championing both law school students and junior attorneys. We also endeavor to give back to the broader communities in which we operate and serve, to advance positive, constructive social goals. These efforts are integral to the culture of the firm and enhance our ability to deliver the highest-quality legal services to our clients.

We also understand that our clients want responsive and cost-effective counsel, in addition to excellent legal services. Therefore, we are committed to allocating the appropriate level of attorney and staff support required to provide our clients with comprehensive, high-quality representation in the most efficient manner possible.

We listen and take the time to understand our clients' needs and keep abreast of the latest legal and business developments affecting our clients. We work collaboratively to encourage a diverse firm dedicated to serving our clients and the community at large.
