Acoustics: New Technologies, New Strategies for Managing Risk

5.8.08 | Seminar

Venue: Los Angeles Chamber of Commerce Building, Los Angeles, California

Sandra Stewart will participate as a key panelist in a morning seminar (from 9-11 a.m.) discussing new technologies, opportunities, and challenges involved in acoustical claims issues.

Learn about:

- Pros and cons of new technologies
- Avoidable design & construction errors
- New requirements on the horizon
- Exposure for noise claims
