California Environmental Quality Act

5.16.08 | Seminar

Venue: Bakersfield, California

Stanley Lamport, Tamar Stein and James Repking, members of the firm's Land Use & Natural Resources Practice Group, will participate as the faculty in this educational session on CEQA. The seminar will provide attendees with the basics of legally adequate CEQA documents and what procedural pitfalls should be avoided.

Topics covered will include:

- Unique features of CEQA
- Updates on recent case law developments, statutory amendments and guideline revisions
- Practical advice on drafting CEQA documents and findings
- Tips on minimizing litigation risks
- Strategies for building defensible EIRs and negative declarations
