Contaminated Property Transactions: Innovative Solutions to Environmental Obstacles

10.30.08 | Conference

Venue: InterContinental Hotel, San Francisco, California

Stuart Block will participate as a featured panelist in the case study discussion "UPC/ Schlage Lock Environmental Liability Settlement." Along with a panel of expert, Mr. Block will discuss the landmark UPC/Schlage Lock Redevelopment project. A project that was stalled for over a decade due to the unique challenges associated with environmental and liability uncertainties. The panel will discuss the elements of this innovative environmental liability settlement and how the team worked together to successfully close the deal, and move development forward to revitalize a community.
