### Behind This Year's Drop in Life Science Investment Activity

10.18.22 | News  
*GlobeSt.com*

Kevin Kinigstein was recently quoted in the *GlobeSt.com* article, "Behind This Year's Drop in Life Science Investment Activity".

In this article, Kevin provided insight on his views of the life sciences investment market stating, "there continues to be more available equity than life science projects to invest in, and despite macro-economic concerns, there also continues to be an influx of money from sources that are not traditionally life sciences investors."
